A LOUISA'S MAN'S EXPERIENCE

Can you doubt the evidence of this Louisa citizen?

You can verify Louisa endorsement. Read this:

Wm. Clay, Railroad St., says: "It's about five years ago since I used Doan's Kidney Pills, but from past experience, I have no hesitation in recommending them. My kidneys were in a weak and disordered condition and I was greatly annoyed having to get up so often during the night to pass the kidney secretions. They were highly colored and deposited sediment. My back was so painful I couldn't stoop to pull on my shoes of a morning. One of the family advised me to try Doan's Kidney Pills, so I began taking them and it didn't take Doan's long to fix me up in good shape."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Clay had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

# A Sensational Advancement The New Law of Corseting

## College Girl Corsets

For ALL women who want to keep young

The scientific law of corseting which has been developed is of supreme importance to all women.

You will note the benefits within a month. It brings a new grace and style, a new degree of comfort and of health, and perhaps even longer life. The value of such benefits is beyond measure.

The influence of a corset should parallel the influence of the body's "lines of control" which give shape to the human form. This is the true law of corseting.

The body's "lines of control" are the spine, the pelvic basin and the thighs. They bear the same relations to the organs and surface of the body as the beams and foundations of a house bear to its rooms and surface.

College Girl corsets are constructed on "lines of control" paralleled to nature's own. They guide, shape and develop the figure in the right posture and right lines, just as nature's own "lines of control" do. Wearing these scientific corsets bring many of the benefits of regular, wholesome exercise, for health and figure improvement. The most eminent authorities agree with this.

The scientific law of corseting embodied in College Girl corsets bring priceless benefits to all women. There is a correct model for every type of figure in back or front lace styles. They fit immediately. They need no "breaking in."

Test the supreme benefits of the new law yourself. Let us fit you with your proper model.
